The Split-Log Road Drag.

A farmers bulletin has just been issued by the Department of Agriculture which should be read and studied by every man in the country, whether he has a five-acre or thousand-acre farm. It is a description of the split-log drag for use on earth roads. The split-log drag is by no means a new institution, but this 15-page pamphlet tells why it is sometimes a failure. For one thing, it is often made too heavy. It should be made light enough for a man to lift easily. A dry cedar, elm or walnut log is the best material for a drag—far better than oak or hickory. Another mistake is in the use of squared timbers instead of those with sharp edges, whereby the cutting effect of sharp edges is lost, and the drag glides over instead of equalizing the irregularities in the surface of the roads.

There are 2,000,000 miles of dirt roads in the United States, and on those which are in any way adequately kept up, the ordinary process of improving by ditch cleaning, scraping, etc., costs annually per mile from \$20 to \$50. On the other hand the annual cost of improvement by the use of the split-log drag, and the plank ditch cleaner, also described in the bulletin, ranges from \$1.50 to \$5 per mile and a far better road is the result. The cost of constructing either of these implements is at the most a few dollars.

The advantages to be gained from the use of a road drag are emphasized in the bulletin thus: First, the maintenance of a smooth, service earth road, free from ruts and mudholes. Second, obtaining such a road surface with the expenditure of very little money and labor in comparison with the money and labor required for other methods. Third, the reduction of mud in wet weather and of dust in dry weather. There are also several minor benefits, such as the banishment of weeds and grass from the dragged portion of the road. This publication (Farmers Bulletin 321) can be had free upon application to your member of congress or to the Secretary of Agriculture, Washington, D. C.

WITH the current issue THE HERALD enters upon the twenty-fourth year of its existence. The initial issue was March 4, 1885, but sickness of the editor, failure to receive paper and other reasons have caused us to miss 22 issues in 23 years, but we have never suspended! That the paper has been fairly well supported is evidenced from the fact that it has lived through trial and tribulation to the present time. Many papers started under more favorable auspices, in wealthier communities and with a larger reading population have gone to the wall. We came here an absolute stranger,

with no one to aid us financially or otherwise, and we are proud of the fact that we have made friends, who in turn have helped us make THE HERALD a success. In reviewing the past it may not be uninteresting to give a few figures, for instance: Taking the lowest circulation as an average we have issued 897,000 copies; with an average of five readers to each paper (and all will agree that is low) 4,485,000 people have read it; the paper has been issued 1196 times and the paper used to print it weighed 71,750 pounds. The major part of circulation being in the county, upon which no postage is charged, that item at 50 cents a week foots up \$588.00. So much for the past! Now, how about the future? Let us hope it may be brighter and better than ever. Thanking all for past patronage, soliciting the same for the future, and God willing, THE HERALD shall be better than ever.

Call For Judicial Convention.

At a meeting of the Democratic committee of the 23rd Judicial District of Kentucky, held in Jackson, Friday, July 31, 1908, for the purpose of naming a time, place and manner of nominating a candidate for Circuit Judge and one for Commonwealth's Attorney, to be voted for at the November, 1908, election, present Ed Callahan, chairman, who called the convention to order. On roll call the following members of the committee were present: Ed Callahan, chairman, Breathitt county; L. C. Riddell, proxy, Estill county; J. P. Lyon, proxy, Lee county; J. P. Lyon, proxy, Wolfe county.

On motion of L. C. Riddell, which was met with a second and made unanimous, J. P. Lyon was chosen secretary of the meeting.

On motion of J. P. Lyon, which was seconded and carried, it was ordered and directed by the committee that mass meetings in each of the counties of the said 23rd Judicial District of Kentucky be held at the court house in the respective counties, at 1 o'clock p. m., Thursday, the 20th day of August, 1908, and elect delegates for the district convention.

It is further ordered that the convention for the said 23rd Judicial District for the purpose of nominating a Democratic candidate for Circuit Judge and Commonwealth's Attorney, to be voted for at the November election, 1908, be held in Jackson, Breathitt county, Ky., at 2 o'clock p. m., Tuesday, the 25th day of August, 1908.

It is requested that all newspapers in the 23rd Judicial District publish these minutes as notice of said conventions. On motion of L. C. Riddell, the meeting adjourned.

ED CALLAHAN, Chairman.
J. P. LYON, Secretary.

Machine Charity.

With the rapid increase in population and multiplication of the interests and complexities of life, there is a constant tendency toward system, toward regulation and toward ironclad rules, says the September Delineator. Charity, which in its most beautiful interpretation means love, the sympathy and tenderness of one human heart toward another, has become more and more mechanical, affected by the modern impulse, until the term "machine charity" has a sinister and significant meaning.

Machine charity—it denotes the work that is purely official, the work for others from which the inspiration has been banished in which the individual touch is of the most perfunctory character. The woman who comes for bread needs, also, the touch of a friendly hand, the cheer of a kindly voice, the breath of sisterhood that passes when charity spells love. And, if the woman needs it, how much more the child who is thrust, dependent, defenceless, upon the world? Yet in the grasp of machine charity are nine-tenths of our homeless children. The other tenth—but a small portion of the entire number—have through various home-finding agencies found homes where there is no machinery, where they have become sons and daughters of the household happy in a mother's love.

But the nine-tenth why are they consigned to machine charity that feeds them, clothes them, teaches them by the ticking of the clock when homes are waiting, empty to do all this, and to add to this, that machine charity can never give—human love. This is the age of progress. Ere

long the movement to place the homeless child in a home will be a national movement, and the state which neglects this wisest provision for its dependent children will bear a blot upon its escutcheon.

Will Reside in Hazel Green.

We are glad to announce that Bro. H. J. Derthick will still be under the employ of the Christian Woman's Board of Missions. While he resigned as Principal of Hazel Green Academy, to the deep regret of the C. W. B. M. and its friends, yet his chosen field will give him greater influence for the school. When he assumed the principalship, it was with the understanding that he would be released as soon as a proper person could be found to take charge. Bro. Derthick has prepared himself for the preaching of the Word and can not be satisfied with anything else. He came to Hazel Green to take charge of the Bible department, having previously been under the employ of the C. W. B. M. at Berea. We know all the friends of the school will be rejoiced that Bro. Derthick will still live at Hazel Green and serve the interests of the Christian Woman's Board of Missions.

We bespeak for Prof. Carter, his successor, your earnest co-operation. We feel assured that he, Bro. Derthick and the whole faculty of earnest christian teachers will labor faithfully for the education of the young people of that section of the state.

We Want the Orphans.

The Highland Orphans Home at Clay City is ready for the orphan girls in the mountains. It is a large three-story brick house beautifully situated at Clay City. It is owned by the Society of Soul Winners, and supported by good people everywhere. Orphan girls between the ages of five and thirteen years of age will be received if eligible. We hope to take boys later. Before they are sent we want to know the name, age, character, health, etc., etc. Only those who have neither father nor mother will be taken at present. We request all those who have any such child in charge to write to Dr. Edward O. Guerrant, Wilmore, Ky. Also will thank all ministers and county officers to give information as to such children. The home will clothe and educate and care for these children for His sake who loves them. There is not a better home in Kentucky. Write at once to Dr. Guerrant, Wilmore, Ky.

The following item is taken from our last week's Campton Currency, which came too late for that issue, and up to the time of going to press (Thursday morning), nothing has been heard from there this week:

The Democrats of the county met here county court day and organized a Wolfe county Democratic club. James Rose, Sr., of Stillwater, was elected president, S. G. Sample vice president, I. R. Holton secretary, and A. C. Oliver treasurer. Vice presidents were also elected for each election precinct in the county, and a committee was appointed to draft resolutions and to report at the next meeting of the club, which will be the first Monday in September. A number of enthusiastic speeches were made by Democrats from different parts of the county and liberal contributions made toward effecting a permanent organization. All Democrats of the county are urged to be present at the next meeting.

If not then make up your mind and write me for descriptive list of farms in Missouri, Kansas and Oklahoma. All fine, level, productive land that will grow anything under the sun, at prices ranging from \$15 to \$40 an acre, and come where life is made tolerable by easy, profitable farming. Why sweat and fret life away in the vain effort to eke out a mere miserable sustenance from the rocky, barren, foot-lagged hillsides as your father and father's father did, when there is so much good land to be had yet awhile? Get out of the rut—away from the time-worn habit that keeps your nose to the grindstone. All it takes is resolution and a little nerve. Write me, and let me help you to a better condition.
I. N. PHIPPS, Chanute, Kansas.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney is poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE HERALD.

DRINK WAINSCOTT'S POP.

Rev. John Wilson, of Campton, was the guest of Tom Haddix over Saturday.

J. G. Trimble, of Mt. Sterling, is visiting his daughter, Mrs. J. Taylor Day.

Presiding Elder Southgate held meeting at the M. E. church, South, here Monday at 11 o'clock.

Uncle Jack Rittenhouse left for Paintsville Tuesday, or leastwise he said Monday he was going to.

C. Alexander, of Paris, and Miss Nora Kirch, of Louisville, registered at the Swango House this week.

Curt Pieratt left Wednesday to help drive a flock of sheep through to Mt. Sterling, and will return about Sunday.

Robert Cecil, of Stillwater, came over Monday and took his sister, Aunt Nancy Swango, to his neighborhood for an indefinite stay.

Frank Pres Wilson, of Adel, was here Tuesday evening and delivered a bunch of 40 ewes to Charley Rose, who had a big flock of sheep.

Ernest Swango is taking in the Lexington fair and visiting his brother, Rush Swango, at Paris, and other friends at Georgetown, this week.

Quite a crowd of our people attended quarterly meeting at Goodwin's Chapel Sunday. Dinner on the ground was one of the features and all report a very fine time.

FOR RENT—My house and lot in Hazel Green. For particulars see Wm. Clark, Hazel Green, or write to J. W. CRAVEN, 52-1f Frankfort, Ky.

Miss Hazel Ringo, who recently visited her parents, of this place, is now visiting relatives in Winchester, and will probably secure a suitable situation and make it her permanent home.

George Sandifer, the able assistant of John H. Rose, the expert blacksmith, left Tuesday for Lexington, where he will visit his family and take in the Big Blue Grass Fair, and return this week.

J. M. Nickell and wife, formerly of Hazel Green, but now living in Madison county, came in Monday, and will make an indefinite stay, in the hope of meeting hundreds of their friends hereabouts.

Wm. French, foreman of work on the boys' dormitory and industrial building connected with the academy, left yesterday for his home at Indianapolis, Ind., the work having been completed.

Denny Nickell recently visited Ashland, Ky., Huntington and Logan, W. Va., at all of which places he met with former friends from Hazel Green and had a nice time. He returned last week.

Brains and Beauty.

Misses Faley Long, the Hazel Green milliner, and Miss Nancy Sample, the assistant postmaster, two of the most lovely and lovable young ladies in this community—aye, two who will compare with any couple from centre to circumference of this grand old commonwealth—left Wednesday to attend the blue grass fair at Lexington, after which they will visit relatives and friends at Frankfort and in Franklin county. They go as a bachelor team, without chaperone, and dollars to doughnuts that the chivalry of Kentucky will protect them in thought, word and deed. And why, simply because they are not gifted in gossip, nor do they sanction slander. How different from the frivolous flirt that occasionally bobs up. But to their credit be it said, most of our girls are endowed with both brains and beauty.

A Reminiscent Meeting.

B. O. Vaughn, of Lexington, accompanied by his daughter, Mrs. Lyon and her three children, all of Lexington, were the guests of Mrs. Hal Smith, a sister of Mr. Vaughn, last week and left for home Tuesday. Our Man About Town called Monday morning to apologize for not attending a supper in honor of Mr. Vaughn, prepared Saturday night by his sister, Mrs. Smith, when he had the pleasure of meeting that gentleman and enjoyed a half-hour's chat. Mr. Vaughn is manager of the L. and N. shops, at Lexington, and has been identified with that railroad for about 37 years. As both knew many of the older people in and about "the Athens of the West," many reminiscences were recalled, rendering the occasion one that each will remember, perhaps, for their remaining years.

A Badly Broken Leg.

A messenger came here Monday morning in quest of a doctor for Morgan Spencer, who it was said had broken his leg and was otherwise injured. Drs. G. M. and W. T. Center answered the call, and upon examination found that the leg was broken just above the ankle joint and some of the small bones of the foot crushed. While the younger doctor administered an anesthetic the elder reduced the fracture. They discovered no other injuries, left him resting easy, and think amputation may probably be avoided although the break is in a bad place. A sawlog rolled on to him while working near his home at Daysboro.

Welcomed to Their Old Home.

H. F. Pieratt, wife and their son, Bruce, arrived here Monday, and to say they were welcome would be entirely inadequate to express the enthusiasm manifested upon meeting them, especially so with Henry's 99-100, who was always a favorite hereabouts. Many things about their Madison county home have endeared the place to them but deep down in their hearts is a love for old Wolf which death only can deface. They will remain indefinitely, meantime trying their best to break bread with as many friends as possible.

Mrs. John Cecil and three children, of Montgomery county, came up today week, since which they have been visiting relatives about Hazel Green, but they will return this week much to the regret of many who failed to meet with Mrs. Cecil on her visit.

ARE YOU SURE

That the ice cream you buy is strictly PURE? Do you know that the makers' hands were clean, flies excluded from the factory, and freons and other utensils kept in Sanitary Condition? Why take any chance where your health is concerned? Why not MAKE AND FREEZE YOUR OWN ICE CREAM in 10 MINUTES FOR 1c A PLATE with Jell-O ICE CREAM Powder. It is so easy. Simply stir contents of one 1lb. package into a quart of milk and freeze, without cooking, heating or the addition of anything else. This makes two quarts of ice cream, clean, pure and wholesome. A good ice cream freezer can be bought for a dollar or two which will last for years, and will soon save its cost. 2 packages JELL-O ICE CREAM Powder for 10c. Flavors: Chocolate, Vanilla, Strawberry, Lemon and Unflavored. Sold by all good grocers. The General Food Co., La. Bay, N. Y.

Charley Rose, of Richmond, has about 400 sheep which he will drive to Mt. Sterling market. He bought them up in bunches all around this section. E. F. Cecil sold him 25 head, and Steve Rose a nice lot.

S. W. DeJarnett, a farmer who lives near Richmond and is the nearest neighbor to H. F. Pieratt and Charley Rose, our former citizens, arrived at Rittenhouse Ranch yesterday, and will drink the water for a few weeks.

Dr. Taylor Center, mention of whose removal was made in these columns some weeks since, will today or tomorrow complete the removal of his effects to Campton, where he will continue to practice his profession.

Cletis Swango and sister, Miss Nancy, of Means, who were visiting relatives here last week, left last week for Grassy Creek, where they took in the quarterly meeting, and will spend a few days with their uncle's family, J. F. Cecil, at that place.

FOR SALE—Good farm of 75 acres 9 miles south of Mt. Sterling. Good 7-room dwelling house, tenant house, tobacco barn and all necessary outbuildings. Good water. For terms, etc., call on or address, J. H. WILSON, 58 Winn street, Mt. Sterling, Ky.

The following ladies will please accept the thanks of the editor and his better seven-eighths for the following favors, viz: Mrs. Hal Smith, a mess of roasting ear corn and some nice apples; Mrs. Lou Day, a fine mess of new sweet potatoes; Mrs. Lula Kash, a mess of green beans.

Fred Hurt, who is running a sawmill on Greenbriar, just above Lee City, was caught between a saw log and a pile of the same Friday evening and so badly injured that he has since been hovering between life and death.

Later—He is much better and able to be about.

Jas. F. Wilson is attending the Blue Grass Fair at Lexington as a representative of THE HERALD, and we predict him a fine time. We should very much have enjoyed a week there individually but circumstances preventing we wished some one should enjoy the privilege. Hence the substitute.

Miss Rosa O'Hair, a domestic in the home of Mrs. Lula Kash, left Sunday night and eloped with Roly Gibbs, a young man, of Gillmore creek, presumably with the view of marriage. Her sister, Miss Eva, was visiting her at the time, but it seems that the matrimonial tie had greater attractions for her than the tie of blood.

Mrs. John Taulbee, daughter of Dr. Waldeck, died at the residence of her parents, at Ezel, Wednesday morning at 8 o'clock, of consumption, after an illness of eight months. She was conscious to the last, and resigned to the promise of peace in Paradise. The funeral will be preached by Rev. Henry J. Derthick today, and the burial be held at 2 o'clock this afternoon.

Rowena, the eldest daughter of Mrs. Lula Kash, was taken suddenly sick Saturday night, when Dr. Williams was called in. He attended her at the time and all day Sunday he and Dr. Nickell labored with her, Dr. Williams remaining there Sunday night, but she was much better on Monday. Dr. Williams diagnosed her case as something like meningitis, but thinks her age in her favor.

J. S. Rittenhouse, of Rittenhouse Ranch, a few days since introduced to the editor of this paper Sam Collier, a gentleman from Paintsville, and told us he was here to examine the concrete in our academy buildings. Mr. Collier is largely interested in coal mines in Johnson county, and while here examined one that Mr. Rittenhouse very recently bought of Fred Salley, which he said was a fine quality of coal.

All the news, all the time, in THE HERALD. \$1 a year.

KENTUCKY KERNELS

Carefully Collected and Concisely Chronicled.

Governor Willson has offered a reward of \$200 for the capture of J. C. Thompson, wanted in Whitley county on the charge of murder.

Defective electric wiring caused a fire in the old Northern Bank building at Lexington last week, which resulted in a damage of \$2,500.

During a game of baseball between two nines in Franklin county, Louis Crutcher was struck in the face by a pitched ball and will lose the sight of an eye.

Because Otto Henry shook the buggy in which he was sitting Stanley Jones, residing in the southeast part of Graves county, shot Henry through the stomach, fatally wounding him.

The plant of the Greenbaum Distillery Co., at Midway, was destroyed by fire last week and over 2,000,000 gallons of whisky licked up by the flames. Loss between \$4,000,000 and \$5,000,000.

James Stanley, of Jefferson county, went into his stable the other morning to feed and was run into by a vicious sow and knocked under the heels of a mule which trampled him to death.

Acute perforation of the stomach, a rare disease, made its appearance in Louisville recently when R. E. Wathen, a prominent distiller, was seized with the malady. He underwent a surgical operation successfully.

For the first time in the history of the institution Magistrate O'Connor held court in the Jefferson county jail last week. He held one negro trusty to answer a charge of malicious cutting, and fined another \$25.

Joseph Alexander Atkins, a confederate veteran, died in Louisville last week after an illness of only one hour. He was a soldier of the famous Orphan Brigade and received General Helm in his arms when that commander fell.

While engaged in breaking a colt at the Kentucky Racing Association track, near Lexington, Steve Savidge, a 16-year old boy, was thrown clear over a fence by the fractious animal, alighting on his hands and face. The only injury sustained by the boy was a broken nose.

An unknown man, claiming to be the "Son of God," was committed to jail in Frankfort one day last week to be tried for lunacy. A clothing mark, "Ellis & Co., Nashville, Tenn.," is the only clue to his identity. He claims he was sent from heaven 2,000 years ago to evangelize the world.

As a reward of merit County Judge Bullock, of Fayette county, appointed Caleb W. Marshall, son of Waller Marshall, to a scholarship in the State University. In twelve years in the kindergarten, public schools and the high school at Lexington, young Marshall has not missed one day attendance.

The bronze statue of the late Governor William Goebel arrived last week in Frankfort from New York, where it was executed by Sculptor Charles H. Niehaus, and placed on the base of the monument which covers the grave in the State cemetery. It will remain covered until September, when the monument will be unveiled.

An attempt was made to destroy the residence of Geo. C. Perry, superintendent of coal mines near Paintsville, by some miscreant, who, it is believed, had designs on Perry's life. A stick of dynamite was thrown on the roof of his residence. The explosion tore a big hole in the roof and badly injured Perry's wife. Perry was away from home at the time.

Lewis Faulkner, of Kavanaugh, Boyd county, is one of the largest men in the United States. In spite of Mr. Faulkner's immense physique he is as active as many a little man of 125 pounds. He tips the scales at 492 1/2 pounds, and his waist measure is 8 feet 9 3/4 inches. He does not find his size a drawback in any way except that he is unable to buy anything ready-to-wear.

John Bate, for many years a farmer of Campbell county, recently celebrated his 94th anniversary at his home in

Lewis county, and many of his old acquaintances visited him on the occasion. About forty years ago he sold his farm in Campbell county and with the proceeds purchased a farm in Lewis county. Bate, who was found working in his garden by the Campbell county delegation, attributes his longevity to his entire absence of worry. "It is a great mistake for men to worry over the accumulation of wealth," he said, "and if great efforts were necessary to accomplish certain things I dropped them. Better retain good health than accumulate wealth. I was always satisfied if provided with the necessities of life for myself and family. We have lived at peace with the world and we have succeeded in keeping worry from our home."

CONVENTIONS AND EXCURSIONS.

A new special committee has been created this year by the State Fair management, known as the Committee on Excursions and Conventions, with Mr. Smith T. Bailey as chairman. Already a number of annual meetings for state organizations have been secured, including the Kentucky Beef Cattle Association, the Kentucky Dairy Cattle Club, the Swine Breeders' Association, the State Berkshire Association, the State Horticultural Society, the Good Roads Association and various others of a kindred nature.

A suitable convention hall will be provided underneath the grandstand with every accommodation and convenience possible for the visiting organizations. Chairman Bailey hopes to have many other meetings listed before the opening day and is arranging to have a large number of excursion trains from all sections of the state. In other words, it is his intention to make it a convention week and the banner week in the history of the Falls City for the largest number of out-of-town visitors.

THE NEW STATE FAIR GROUNDS.

The new Kentucky State Fair grounds, where the 1908 annual exhibition will be held, is easily one of the most modern arranged and best equipped in the country. From an aesthetic point of view the graceful lines of the buildings harmonize with the surrounding topography. The car lines will extend into the grounds so that one may step directly from the car to the entrance of the Fair. An imposing archway will extend over the main driveway at the entrance. The driveway, 100 feet in width, leads directly to the Livestock Pavilion. Grass plots with rows of trees will subdivide this driveway and lines of hedges will border it on the sides. In front of the Livestock Pavilion will be an attractive fountain located in the center of large flower bed designs.

The racetrack and grandstand are located in the eastern part of the grounds, some 600 feet from the pavilion. The surface of the track has been finished with exceptionally fine clay. The stables and cooling shed for horses are located just south of the track. The architecture of all the buildings will be along the lines of the Spanish Mission style, with white sides and red tile roofs. This class and style of architecture will harmonize with the undulating grounds and graceful driveways which are bordered with hedges and plants and give it a most pleasing appearance.

\$100,000 LIVESTOCK PAVILION.

It is with much pride that the State Fair management will open to the public in September what it has every reason to believe is the finest livestock pavilion in the world. While somewhat similar to other great State Fair pavilions, it is quite different from any of them and combines the good points of all of them. It will be 212 feet wide and 400 feet long, with an interior arena measuring 116 by 300 feet. There will be an entrance to the arena at either end, having direct connection with the horse and cattle barns. A fifteen-foot promenade will extend entirely around the outside of the arena. The main entrances are arranged in four large towers, one at each corner of the building, to give an abundance of space for entrance and exit. The construction is of the most permanent character, being largely concrete and steel. All horses and cattle will be exhibited in this building, a great improvement over the hot, dusty show rings and the inconvenient stuff tents used in the past.

WEBER'S BAND

Weber's Prize Band of America, one of the finest concert organizations in the West, will furnish the music for the State Fair. Each of Weber's programs will be three hours long and be made up entirely of popular music. A number of soloists will be heard. Mr. Weber has felt the public pulse long enough to know about what is wanted: add to this a band that is unsurpassed anywhere, his own personality and splendid leading powers, soloists of known ability, and it is hard to see how the State Fair management could have secured a bigger attraction in the way of a band.

THE HORSE SHOW AT

KENTUCKY STATE FAIR. With the largest prizes ever offered for horses at a Kentucky Fair, the greatest exhibit of equine flesh in the history of the Blue Grass State is confidently expected. For the first time exhibitors and spectators will have the pleasure of seeing a first-class horse show in a large, commodious arena, completely under shelter, without feeling the effect of the burning sun or being exposed to damp and chilly weather and undergoing the inconvenience of a weather-soaked show ring.

Turnstiles to Be Used at the Kentucky State Fair.

Secretary J. W. Newman of the Kentucky State Fair has provided the most approved pattern of turnstile to be used at each entrance to the State Fair. Neither the skinny nor the fat man will have any trouble in passing through them. They are equipped with registers which can tell at any minute just how many persons have passed through.

For catalogue, entry blanks or other information, write J. W. Newman, Secretary, 320 Paul Jones Building, Louisville, Ky.

Remarkable Story

The story of Mrs. Matilda Warwick, of Kokomo, Ind., as told below, proves the curative properties of that well-known female remedy, Wine of Cardui. Mrs. Warwick says:

TAKE CARDUI

It Will Help You

"I suffered from pains in my head, shoulders, limbs, side, stomach low down, dizziness, chills, nervousness, fainting spells and other female troubles. I was almost dead. Three doctors did not help me. At last, I took Cardui, and with the first bottle obtained relief. Now I am cured. But for Cardui, I would have been dead." Try Cardui.
